 NANOLUX 1000W DE OG APP  
 FIXTURE WITH BULB 120V-240V (1)  
 sug. retail: 399.00\$

OG DE1000W is an economical fan-cooled fixture. Durable and light powder coated steel enclosure. Optimal choice for small scale growers and for hanging in grow tents. The OG DE1000W is compatible with both NCCS and 0-10V controllers and uses 97% German reflective reflector material. Comes with random start, soft start, and soft dimming capabilities.

- 1000W DE bulb included
- ETL Listed
- NCCS APP Ready & 0-10V Ready
- 3 year warranty
- Soft Start and Random Start technology
- Open circuit and low voltage protection

The Nanolux Smart Lighting Controller is designed to provide wired control to two lighting groups in a greenhouse. You can control up to 60 lights per group. The controller uses 0-10V adjustable DC voltage to control ballast output power and switch on/off the ballast. The controller operates on a 24-hour time cycle. The controller also has the ability to simulate sunrise and sunset cycle from 10-60 minutes. Each of the two-lighting group channels has a room overheat protection function that can be set as needed. You can use the LCD touchscreen to easily view and modify the current settings for each channel. Moreover, the Smart Lighting Controller is portable, easily operated and installed
