STANDARD QUANTANIUM DRY TUMBLER

This sleek tumbler utilizes a non-stick coating, which not only assists with clean-up, but also preserves trichomes. In fact, this tumbler allows for 40% greater trichome preservation than the competition thanks to its non-stick properties and no need for a spray!

In addition, the tumbler is resistant to damage due to the non-stick properties. Not only does it look superior, but its results are too. CenturionPro uses top-notch chrome and steel that surpasses the quality of cooking utensils.
